

***aljar** Runic: 𐰇𐰋𐰇𐰏𐰚 Pronunciation: /'al.jar/

adverb

Meanings

elsewhere; in another place

Etymology

From the pronominal stem **alja-* of **aljaz* + **-r*, an inherited locative element forming static place adverbs (‘where?’) from pronominal stems; compare **hē₂r*, **hwar*, and **þar* (Fulk 2018: 237).

Gothic 𐌰𐌶𐌵𐌰𐌶 (*aljar*) 𐌰𐌶𐌵𐌰𐌶 (*aljar*, ‘elsewhere’) and the West Germanic reflexes confirm the Proto-Germanic formation (Lehmann 1986a: 28).
