proper noun · masculine · u-stem

Meanings

a male given name

Etymology

Originally likely an appellative, a masculine *u*-stem agent noun meaning ‘one who answers’ or ‘one who gives an answer’, based on the same **anda-swar-* formation as **andaswarō* and related terms. Proto-Norse **Andswarur* is explicitly interpreted as a *nomen agentis* ‘one who gives an answer, is answerable’ by Peterson (2007: 22).
