

***austrą²** Runic: ᚱᚢᚳᚱᚢᚱ Pronunciation: /'aʊs.trã/
adverb

Meanings

east, eastward

Etymology

Adverbialized accusative singular of the **austra-* formation represented by the adjective **austraz*, originally ‘to the east, eastward’. EWA reconstructs an old accusative **austran* < pre-Germanic **aus-tro-m*, rather than an endingless locative ***austre* (Lühr 2017: s.v. *ôstar*). See **austraz* for the deeper etymology.
