

***bandijana** Runic:  Pronunciation: /'ban.di.ja.nã/

verb · Weak class 1

Meanings

1. To bind, fetter, restrain; stretch
2. To bend

Etymology

From *bindana ('to bind, tie') + *-(i)janq (causative suffix forming Weak class 1 verbs). Ultimately from Proto-Indo-European *b^hond^h-éye/o-, causative of the root *b^hend^h- ('to bind, bond'). The sense 'to bend, inflect' (Old Norse and Old English only) is probably derived from the act of bending a bow in order to bind it.
