

**\*banstiz** Runic: ᚷᚠᚦᚦᚦᚦᚦᚦᚦᚦ Pronunciation: /'ban.stiz/

noun · masculine · i-stem

## Meanings

1. barn, storehouse
2. crib

## Etymology

From earlier \*\*bandstiz, from Proto-Indo-European \*b<sup>h</sup>ond<sup>h</sup>-sth<sub>2</sub>- from root \*b<sup>h</sup>end<sup>h</sup>- ('to tie; bind'), remodeled as an i-stem. The latter part seems likely to be a derivative of PIE \*steh<sub>2</sub>- ('to stand') in similar usage to \*awistrą ('sheepfold'). Related to \*bansaz ('crib; cradle; stall (for animals)').

## Declension
