

***blankijana** Runic:  Pronunciation: /'blaŋ.ki.ja.nã/

verb · Weak class 1

Meanings

1. to shine, to blink, to flash
2. to cheat, to deceive

Etymology

Likely from *blankaz ('shining, white') + *-(i)janą (causative suffix forming Weak class 1 verbs). It is less likely to be derived from *blinkana, as its root, b^hleyǵ-, would give *blaikijana as its causative formation, rather than *blankijana (though the possibility that it was created via analogy is still possible).
