

***blewwana** Runic:  Pronunciation: /'blew.wa.nã/

verb · Strong class 2

Meanings

to beat

Etymology

Possibly from Proto-Indo-European **b^hlewh₁-e/o-*, from root **b^hlewh₁-* though there are no other secure Indo-European cognates. For theoretical form, compare **kewwana* < **ǵyewh₁-*, **brewwana* < **brewh₁-*. Derivations from a root starting in **ml-* seem an unlikely phonological stretch.
