

***blēdrō** Runic:  Pronunciation: /'blɛ:ð.rɔ:/

noun · feminine · ōn-stem

Meanings

1. bubble, blister, something inflated
2. bladder (organ)

Etymology

From pre-Germanic *b^hleh₁-d^hrom (‘instrument for blowing’), from Proto-Indo-European *root* *b^hleh₁- (‘to blow’) + *-d^hrom, an alternative form of *-trom (forms nouns denoting a tool or instrument.). The Proto-Germanic form reflects a further remodeling as a feminine ōn-stem: *b^hleh₁-d^hreh₂-n.
