

***bunda** Runic: 𐌲𐌺𐌳𐌰 Pronunciation: /'bun.dǎ/

noun · neuter · a-stem

Meanings

bundle

Etymology

From Proto-Indo-European **bʰndʰ-ó-m*, a zero-grade nominal formation from root **bʰendʰ-* (‘to tie; bind’). Cognate with Latin *funda* (‘hand sling’), Sanskrit बध्नाति (*badhnāti*) (badhnāti, ‘to bind, tether; to hold captive’). The West Proto-Germanic variants in *-el/-il* come from the suffix **-ilaz* (forms agent and instrument nouns): **bʰndʰ-ilaz*. Related to **bindana* (‘to bind, tie’).
