

***dailiz** Runic:  Pronunciation: /'daj.liz/

noun · masculine · i-stem

Meanings

part, portion, deal

Etymology

A Proto-Germanic/Balto-Slavic isogloss, per ([Kroonen 2013](#)). ([Derksen 2008](#)) notes Proto-Slavic **dělo* ('deed, act; work, operation, activity') from Proto-Indo-European **d^heh₁-l-*, an l-extension of root *d^heh₁-* ('to put, make'). The pre-Germanic form would need to have been **d^hoih₁-l-is*, with an o-grade diphthongized root. Related to **dailą* ('part, portion, deal') and *dailō* ('part, portion, deal', division).
