

***draganą** Runic:  Pronunciation: /'dra.ɣa.nã/

verb · Strong class 6

Meanings

to draw, to pull, to carry

Etymology

Possibly from Proto-Indo-European **dʰrógʰ-e/o-*, from an o-grade form of root **dʰregʰ-* ('to pull, draw, drag'). Disputed cognates include Ancient Greek *τρέχω* (*trékhō*) ('to run; run over'), Old Armenian: *դուրղն* (*durn*, 'potter's wheel'), Proto-Slavic: **droga* ('rail, shaft (of cart)'), and Latin *trahō* ('to drag, pull') (Orel 1998 and 2003; see also Ringe 2014 and Schrijver 1991). Related to **drahtuz* ('pulling, carrying') and **drōgiz* ('drawing, pulling, able to be drawn').
