

***dragjō** Runic:  Pronunciation: /'drɑɣ.jɔː/

noun · feminine · ō-stem

Meanings

dregs, sediment

Etymology

From Proto-Indo-European *dʰragʰ-yéh, from *dʰráks (‘dregs, sediment’), possibly from a substrate language. Cognate with Proto-Balto-Slavic *dragjā*[?] (‘dregs, sediment’), Albanian *dra* (‘sediment, dregs; smudged butter; sweepings, dirt’), and Latin *fracēs* (‘oil cake: grounds, solid waste from olive pressing; the lees, dregs of oil’). Related to *drastaz (‘dregs, lees’) and *drōhs (‘dregs, sediment’).
