

***draupijana** Runic:  Pronunciation: /'drau.pi.ja.nã/

verb · Weak class 1

Meanings

To cause to drip

Etymology

From *dreupana ('to droop, drip') + *-(i)jana (causative suffix forming Weak class 1 verbs), with an o-grade transformation of the root. Given the -p- instead of -b- (from Proto-Indo-European **d^hreb^h-* ('to drop, drip')), this verb was likely not inherited directly from PIE but rather built via analogy to similar causitives based on *dreupana.
