

***drunkiz** Runic:  Pronunciation: /'druŋ.kiz/

noun · masculine · i-stem

Meanings

drink

Etymology

Possibly from Proto-Indo-European **dʰr̥ŋǵ-i-s*, from a zero-grade form of root **dʰr̥enǵ-* ('to draw into one's mouth, sip, gulp'), a nasalized variant of **dʰr̥eǵ-* ('to pull, draw, drag'). There are no secure cognates outside of Proto-Germanic. Related to **drinkaną* ('to drink').
