

***durīz** Runic: 𐌳𐌹𐌺𐌹𐌶 Pronunciation: /'du.ri:z/

noun · feminine · i-stem

Meanings

door

Etymology

A pluralia tantum (plural only) from earlier *durī, reformulated as an i-stem. Ultimately from Proto-Indo-European **dʰúr-ih₁* (‘double doors’), dual of **dʰúr-o-m* (see **durą*, ‘door’), from root **dʰwer-* (‘door’). Cognate with Old Armenian դուրք (durk‘, ‘door, entrance, sluice’), Lithuanian *dvāras* (‘manor’), Old Irish *dorus* (‘door’), Sanskrit द्वार (*dvāra*) (dvāra, ‘door, gate, passage, entrance; opening, aperture’), and Albanian derë (‘door’). Related to **durą* (‘big door, gate’) and **durz* (‘door, hatch, flap’).
