

***duttaz** Runic: 𐌳𐌹𐌲𐌳𐌹𐌶𐌵 Pronunciation: /'dut.taz/

noun · masculine · a-stem

Meanings

1. wisp; tuft of grass or grain
2. bundle; group; clod clump

Etymology

Uncertain. Perhaps of onomatopoeic origin ([Vercoullie 1898](#)). ([Orel 2003](#)) derives this from *d^hewh₂- ('smoke, mist, haze'). Torp, et al. (1909), comparing the reduplicated form from Vedic Sanskrit दूधित (*dūdḥita*) (dūdḥita, 'troubled, perplexed, disturbed'), specifically derives this from a similar reduplicated base, *d^hud^h-nó-s > Proto-Germanic *duttaz via Kluge's Law.
