

***glasą** Runic:  Pronunciation: /'ɣla.sã/

noun · neuter · a-stem

Meanings

amber, glass

Etymology

Traditionally derived by Pokorny from an s-extension of Proto-Indo-European *g^hel-, *ǵ^hel- (‘to shine, shimmer, glow’). Kroonen prefers to derive the term from an s-stem of *glōanaǵ (‘to glow’), which is likely ultimately from the same root.

Declension
