

*glēsijana

Runic: 

Pronunciation: /'ɣlɛ:.si.jɑ:.nã/

verb · Weak class 1

Meanings

1. to shine, glare
2. to shine, make shiny (like glass)

Etymology

From a formation related to either *glasą ('amber, glass') or *gladaz ('shining, bright, glossy') + *-jana (though both terms are suspected to trace back to the same ultimate root). See also Proto-West Germanic *glārōn ('to shine, glare').
