

***kannō** Runic:  Pronunciation: /'kan.nō:/

noun · feminine · ōn-stem

Meanings

1. a tankard, mug, cup, can
2. a jug, pitcher, pot

Etymology

Probably from a western Proto-Indo-European *gand^h-, *gan- ('a vessel, vat, tub'), and related to *kanō ('vessel, boat'), as well as Middle Irish gand ('vessel, can'). An alternative etymology derives *kannō as possibly from Latin *canna* ('a reed, cane').
