

***kirnijō** Runic:  Pronunciation: /'ker.ni.jōː/

noun · feminine · ōn-stem

Meanings

a churn

Etymology

Derived from Proto-Germanic *kernō ('creme')? Alternatively, the latter word is a backformation from this one. Possibly, they are related to *kernô ('core'), which is related to *kurną ('corn, grain'); yet this is disputed.
