

***knuttô** Runic:  Pronunciation: /'knut.tɔː/

noun · masculine · an-stem

Meanings

a knot

Etymology

Traditionally derived from a Proto-Indo-European **gnod-* (‘to bind’), and compared with Latin *nōdus* (‘node’), Proto-Germanic **knudana* (‘to knead’). However, Kroonen instead derives the term from Proto-Indo-European **ǵnu-ton*, a ton-formation from **ǵónu* (‘knee; node’).
