

***kuta** Runic: <𐌿𐌿𐌿𐌿 Pronunciation: /'ku.tã/

noun · neuter · a-stem

Meanings

tent, stall, shed, hut

Etymology

Origin uncertain. Perhaps from Proto-Indo-European **gēwd-* (‘to stretch, curve, vault’).

Alternatively, of non-Indo-European origin, but possibly borrowed from Uralic; compare Finnish *kota* (‘hut, house’) and Hungarian *ház* (‘house’), both from Proto-Finno-Ugric/Proto-Uralic **kota*. However, compare Dutch and English *hut*.
