

***regna** Runic:  Pronunciation: /'rey.nã/

noun · neuter · a-stem

Meanings

rain

Etymology

Uncertain, possibly from a Proto-Indo-European **Hréǵʰ-no-s*, from a root **Hréǵʰ-* ('to flow water'). May be cognate with Latin *rigō* ('to irrigate, moisten') and particularly Albanian *rrjedh* ('to flow'), but this is uncertain.
