

*slakwjanaḡ

Runic: ᚱ ᚱ ᚱ ᚱ ᚱ ᚱ ᚱ ᚱ

Pronunciation: /'slakʷ.ja.nã/

verb · Weak class 1

Meanings

(transitive) to quench, extinguish

Etymology

Causative of *slekwanaḡ ('to extinguish, go out'). Seebold leaves the origin open, while Orel compares Lithuanian *slėgti* ('to press, squeeze') and Latin *langueo* ('to be faint'), apparently considering the verb related to *slakaz ('weak, slack').
