

***spiltaz** Runic: ᚱᚲᚲᚲᚲᚲᚲᚲ Pronunciation: /'spil.taz/

noun · masculine · a-stem

Meanings

spelt (a type of wheat)

Etymology

Unknown. It may or may not be cognate with Russian полба (pólba, ‘spelt’) and Latin puls (‘porridge (usually of spelt)’) and Ancient Greek πόλτος (póltos, ‘porridge (usually of spelt)’). Possibly from Proto-Indo-European **(s)pelH-* (‘to split off, separate’), or borrowed from an unknown substrate by Germanic and Latin.
