

***streupana** Runic:  Pronunciation: /'streʊ.pa.nã/

verb · Strong class 2

Meanings

1. to touch, graze, brush
2. to squeeze
3. to strip

Etymology

According to Kroonen, a back-formation from the iterative *strupōna ('to writhe'), with both traditionally derived from Proto-Indo-European *strewb-; he prefers to derive them from a root *streb^h- ('to twist'), adducing Ancient Greek στρέφω (*stréphō*) (stréphō, 'to twist') as a cognate. This has been disputed, however.

Older theories derived the term from Proto-Indo-European *strew-, *sterw-, *ster- ('strip; beam; streak; ray').
