

***tappô** Runic: ᚦᚢᚱᚱᚱ Pronunciation: /'tap.pɔː/

noun · masculine · an-stem

Meanings

plug; tap

Etymology

Of unclear origin; possibly related to Sanskrit दिप् (dip, “to push, strike (variant form of तिप् (tip, ‘to sprinkle’)”), Ancient Greek *δέφω (déphō)* (déphō, ‘to soften, knead’).

However, compare Proto-West Germanic *stoppōn.
