

***þrumą** Runic: ᚢ ᚱ ᚱ ᚱ ᚱ ᚱ Pronunciation: /'θru.mã/

noun · neuter · a-stem

Meanings

stump, trunk, block; butt, end

Etymology

Of uncertain origin. R. Meringer compares Ancient Greek τέρμα (*térma*) (térma, ‘end, boundary, goal’), Latin *terminus* (‘boundary, term’), both from Proto-Indo-European **térmn̥* (‘boundary’), which, if correct, invokes an older sense of "stone or piece (used to mark a boundary)".
